PORTABLE ELECTRIC COMPRESSORS

CFM
2-5HP	8-18 CFM

Great performance in a compact system with all the power you need to complete location work. Designed for contractors and typically found on the farm, ranch or construction job site, these high value compressors deliver a high cfm per HP ratio.

- ***Operating pressures available from 95-125***
- Dual control operation, no startup kit required
- Industrial grade electric motor
- Fully enclosed belt guard
- Heavy-duty air filter *(optional)*
- Heavy-duty solid cast iron pump, 5 yr pump warranty
- Heavy-duty lifting handles
- Heavy-duty solid rubber tires
- Low-profile design
- Low rpm pump
- Swedish steel valve components
- UL electrical controls
- Vibration isolation mounts
- 1/2" regulator system
- 2-piece quick air connections
- 2-piece base tank design
- Auto start/stop

PORTABLE GASOLINE ENGINE COMPRESSORS

CFM
5-5.8 HP 12-16 CFM

Great performance in a compact system with all the power you need to complete location work. Designed for contractors and typically found on the farm, ranch or construction job sites.

- ***Operating pressures available from 95-125***
- Auto start/stop
- Dual control operation
- Industrial grade electric motor
- Fully enclosed belt guard
- Heavy-duty air filter
- Heavy-duty solid cast iron pump
- Heavy-duty lifting handles
- Heavy-duty solid rubber tires
- Low-profile design
- Low rpm pump
- Swedish steel valve components
- UL electrical controls
- Vibration isolation mounts
- 1/2" regulator system
- 2-piece quick air connections
- 2-piece base tank design

ELECTRIC STATIONARY COMPRESORS

CFM
12-16 CFM

Perfect for light commercial applications, pro-consumer or heavy home hobbyist. These units have a high cfm per HP ratio. Designed to power smaller air tools and equipment, low volume nail guns, small grinders and cut off tools.

- ***Operating pressures available from 95-175***
- Auto start/stop
- Dual control operation
- Industrial grade electric motor
- Fully enclosed belt guard
- Heavy-duty air filter
- Heavy-duty solid cast iron pump
- Heavy-duty lifting handles
- Heavy-duty solid rubber tires
- Low-profile design
- Low rpm pump
- Swedish steel valve components
- UL electrical controls
- Vibration isolation mounts
- 1/2" regulator system
- 2-piece quick air connections
- 2-piece base tank design

Options

- Automatic tank drain
- Belt guard cooler
- NEMA7
- TEFC
- 3-phase drive motor & controls
